One Step Up for Mentorship

"We're in a time of social media, so I encourage our beautiful young girls to pursue excellence, not 'likes,'" said actress and honoree Regina Hall (10) at Step Up's annual Inspiration Awards. Julie Bowen (11) and January Jones were among the Hollywood women at the Beverly Wilshire luncheon that helped raise funds for the organization, which provides mentors to young women in under-resourced communities in and around L.A. ABC Entertainment's Channing Dungey (10) received a standing ovation when she walked onto the stage to introduce Sanaa Lathan (10), and while she did not directly address her network's Roseanne cancellation, roaring applause made it clear she had the support of the room.
